Machine Learning Preferences

The Machine Learning Preferences page allows administrators to customize whether the portal's training recommendation carousels filter required training.

To access the Machine Learning Preferences page, go to: Admin > Tools > Learning Preferences and click the Machine Learning Preferences link.

→ Permissions

PERMISSION NAME	PERMISSION DESCRIPTION	CATEGORY
Machine Learning Preferences	Grants ability to access the Machine Learning Preferences page. This is an administrator permission.	Learning - Administration

Cross-Portal Content Recommendations

Cross-portal content recommendations can be used to augment your portal's content recommendation algorithms and improve personalized recommendations based on activity from users consuming the same content in other Cornerstone portals. *Note:* No personally identifiable information, confidential company information, or confidential company content is shared between portals, regardless of whether or not cross-portal content
