## Learning > Learning Assignment Tool > Create Learning Assignment > Create Learning Assignment - Confirm

Search

## **Create Learning Assignment - Confirm**

On the Confirm step, review your selections from previous steps to ensure all configurations are correct, and then submit the assignment for processing.

To begin creating a new learning assignment, go to Admin > Tools > Learning and click the Assignment Tool link. From the Manage Learning Assignments page, click the Create Assignment button.

## Permissions

PERMISSION NAME	PERMISSION DESCRIPTION	CATEGORY
Assignment Tool - Standard and Dynamic - Recurrence	Grants ability to create Standard (one-time) and Dynamic (continuous) Learning Assignments to directly assign training to users. Also grants ability to enable/disable Recurrence when creating a Dynamic Learning Assignment. This permission can be constrained by OU, Provider, Training Item, Training Type, User, User Self and Subordinates, and User's OU. If this permission is constrained by Location, Provider, Training Type, or Training Item, then they can only assign training within the constraints. If this permission is constrained by OU, User, User Self and Subordinates, or User's OU, then they can only assign to users within the constraints and view assignments created by users within the constraints. This is an administrator permission.	Learning - Administration
