Performance Review - End User Overview

Performance reviews may include different sections and options based on the configuration established by the administrator. Generally, an email notification is sent to users when they are assigned a review task.

You can access review tasks as follows:

- Welcome Page > My Tasks section
- Performance Review Summary page
- Universal Profile > Actions page.

To open a performance review task, click the performance review task title. The Overview step opens, displaying a snapshot of the review.
