Curriculum - View Versions

When editing a curriculum, some modifications will create a new version of the curriculum, while others will not. *See Curriculum - Edit.*
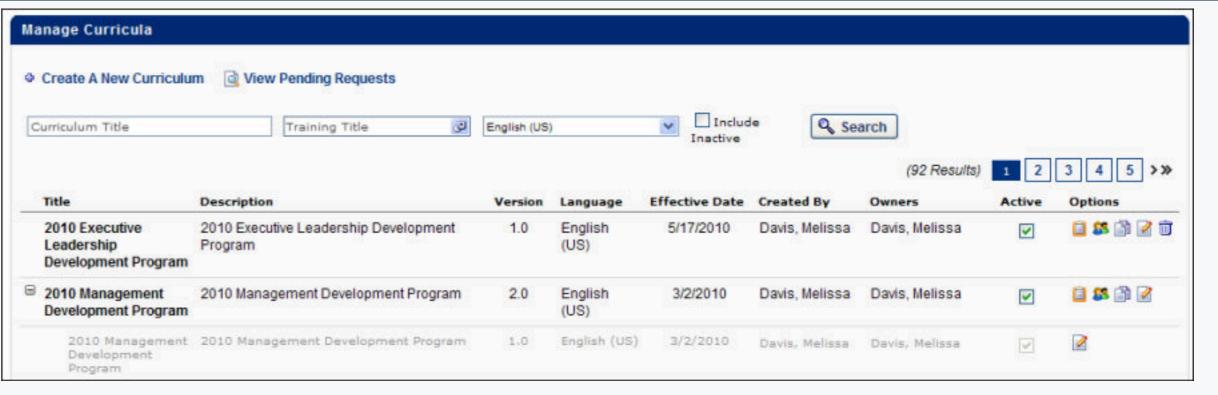

Note: *The processing time that is required for the system to process the curriculum changes and to display the newest version as the current version may vary. The version that is listed first is the version that any users who request this curriculum or any manager or administrator who assigns will be requesting or assigning. Before assigning a new version of a curriculum to a user, verify that reversion process is complete.*

To view versions of curricula, go to **Admin > Tools > Learning > Catalog Management > Curricula**.

🔒 Permissions

PERMISSION NAME	PERMISSION DESCRIPTION	CATEGORY
Curriculum Admin - View	Grants view only access to curriculum details via Curriculum Administration screen. Does not include ability to view details of users enrolled in curricula. This permission can be constrained by Provider, OU, User's OU, and User's LO Availability. Adding an OU constraint and a provider constraint to this permission results in an "AND" statement. **Tip:** *Do not constrain this permission to your entire corporation; it can cause long page load times and timeout errors. Applying this constraint is functionally the same as leaving the permission unconstrained, but omitting this constraint does not cause the system to do the unnecessary constraint checks as in the former scenario.*	Learning - Administration

Click Expand icon ⊞ next to the curriculum title to view all the versions of that curriculum. Each curriculum version displays with the following information:

- **Title** - This column displays the title of each version
- **Description** - This column displays the description of the curriculum
- **Version** - This column displays version number of curriculum
- **Language** - This displays the language of the curriculum
- **Effective Date** - This column this displays the date the version of the curriculum became effective or will become effective (if the effective date was set to a future date)
- **Created By** - This displays the name of the curriculum's creator
